An Olympic pool foments a dream
 But there's no water in latrine
The public park for dogs to play
 Is not a place for shacks, anyway
Damn those potholes in the street
 But empty pots give *niks* to eat
Exotic wattles are not her thing
 But he knows a warmth that wattle wood brings
For their security he hates the fee
 But she hopes-a-job to set them free
Behind walls and bars it's nice to sleep
 But galvanised sheets stack nice and cheap
Oh for Netflix fibre-to-home
 But here is a movie all on its own

Primrose and Makause in Johannesburg, South Africa
